

CAMPUS CULTURE

Our institute aims to provide an inclusive environment and regional diversity where a holistic development of community is guaranteed. It ranges from the policy making, faculty recruitment, students enrollment to community outreach. The faculty and students are accepted without any discrimination in terms of caste, creed, gender and physical disabilities. The ethics committee ensures the harmony of students from diverse regions, class, religion, caste, social and cultural backdrops.

It is evident through the following events that the institute has a culturally diverse atmosphere which ensures an inclusive nation building.
